Extending the Community Fence at Spring Hill Farm

Spring Hill Farm, a BCT property along County Road in Cataumet, provides a home for our resident goats, grazing for local horses, and areas to get-together for yard sales, an annual Easter egg hunt and other Village events. Over the past few years there has been an initiative to replace old wire fencing throughout the farm with a traditional split rail fence. This initiative has grown in stages, and now almost 25% of the old fence has been replaced, thanks to our many supporters who have purchased a section of fence along with a plaque with a tribute of their choice.

You can dedicate the plaque in memory of, or in honor of, a family member, a special friend, a pet or whatever or whoever has special meaning for you.

To place your plaque on a section of fence, please complete and print this interactive **Community Fence Donation Form**; send together with your \$100 donation to:
